

Kohinoor Business School Alumni Meet 2018

Relevance and credibility of any educational institution is always evaluated by the quality of alumni it has produced. Alumni create value, and keep on adding value to its alma mater throughout their career. Connecting to alumni has always been a meaningful pursuit for Kohinoor Business School. KBS, as an enabler, once again provided its ex-students an opportunity to share their experiences among existing students & to recount and relish good old nostalgic memories of their campus days. Kohinoor Business School had organized its flagship event 'Alumni Meet – 2018' at the Courtyard of KET campus. KBS has always encouraged its ex-students who are now spread across many cities in India and abroad, shaping and nurturing their career, to participate in the event and to extract maximum advantage out of this annual meet. More than 250 students of PGDM & MMS/MBA from Mumbai & Khandala campus participated in the meet. It was heartening to see that most of KBS ex-students are now holding key positions in corporate sector, or are engaged in entrepreneurial quest. Many ex-students graced the occasion with their better halves, to enhance the joy and festivity of the event. This year the meet started with showcasing of some breathtaking talents by our existing junior students, who regaled the alumni with their dancing skill, melodious song rendition, group dance & drama. It included some fun-filled activities, quizzes, tongue twisters and many such fun, frolic and fiesta in between. It was followed by a very meaningful interactive session by our former students, who shared their valuable inputs and experiences which was the true essence & takeaway of the meet.

The event reached its crescendo with some wonderful music orchestrated by DJs followed by alumni expressing themselves with dance, and joyous celebration. Soulful recollection of yesteryear’s cherished moments, and subtle yet firm projections about their future were largely the theme of deliberations among the ex-students which occasionally turned into animated discussions. Every alumnus present was delighted to be a part of Kohinoor, which extended them the opportunity to become what they are today.

The exuberance of the students in the Alumni Meet continued to be unabated even after the splendid, dinner – an assortment of cuisine hosted in their honor. The event concluded with KBS parting mementos to every alumnus – with a wish to meet again next year.
